

## The Complete Solution to Plug-In Electric Vehicle (PEV) Charging.

*“Widespread use of Plug-In Hybrid Electric Vehicles in the United States would significantly reduce greenhouse gas emissions resulting in improved ambient air quality and significantly reduce the consumption of petroleum fuels.”*

-The Electric Power Research Institute (EPRI) and the Natural Resources Defense Council (NRDC)

### THE EVR-GREEN SOLUTION

Leviton offers a complete solution for residential, commercial and public plug-in electric vehicle (PEV) charging. The evr-green™ line of electrical vehicle supply equipment (EVSE) products are compliant with all industry standards and compatible with all major auto manufacturer’s electric vehicles (SAE J1772 compliant).
