LUTRON Maestro® Occupancy Sensing Switch

Occupancy & Vacancy Sensor with Switch, White - SKU: 02755798282
Switch with Occupancy Sensor, White - SKU: 02755798357
Switch with Occupancy Sensor – dual voltage, Ivory - SKU: 02755797401
Switch with Occupancy Sensor – dual voltage, White - SKU: 02755797396

Maestro occupancy/vacancy sensors save energy by automatically turning off the lights when no one is in the room.

- Available as a dimmer or switch with sensor
- Turns lights off after the room is vacated (auto-off)
- Can turn the lights on when you enter the space (auto-on)
- Occupancy/vacancy (auto-on/auto-off or manual-on/auto-off)
- Uses the Lutron-exclusive XCT™ technology for sensing fine motions to ensure the lights remain on when the room is occupied

LUTRON C•L Dimmers for Dimmable CFL & LED Bulbs

Ariadni C•L, Ivory - SKU: 02755782604
Ariadni C•L, White - SKU: 02755782600
Diva C•L, White - SKU: 02755700332
Credenza C•L, White - SKU: 02755700139
Skylark Contour C•L, White - SKU: 02755700294

C•L dimmers are UL listed for controlling a broad range of dimmable CFLs and LEDs. They offer more reliable dimming performance over standard dimmers when dimming CFLs and LEDs, and also provide full range dimming for incandescent and halogen bulbs.

- Enjoy the energy savings achieved from dimmable CFL and LED bulbs without sacrificing the ability to dim
- Dimming saves additional energy while creating just the right light for any mood or activity
- Avoid experiencing common issues found when controlling dimmable CFLs and LEDs with a standard dimmer
 - Drop-out—lamps turning off before the slider on the dimmer reaches the lowest setting
 - Pop-on—lamps not turning on after being dimmed to the lowest setting
 - Lamps turning off when dimmed to low levels caused by voltage fluctuations
- The forward-thinking engineering ensures control of dimmable CFL and LED bulbs today, as well as energy efficient light sources coming out in the future—invest in a dimmer that ensures dimming performance as the light source industry evolves

LUTRON Contour Dimmer

Preset Dimmer, Ivory - SKU: 02755780933
Preset Dimmer, White - SKU: 02755744986
3-Way Preset Dimmer, Ivory - SKU: 02755780939
3-Way Preset Dimmer, White - SKU: 02755744987

Skylark Contour is the newest addition to the Skylark® slide dimmer family of products. It provides the same quality and performance as the original Skylark slide dimmer, but with an updated look. It features a convenient rocker switch that turns the lights on and off, and an easy-to-use slide control that adjusts the light for any activity.

- On/off rocker switch with a captive linear-slide dimmer for a standard Designer wallplate opening
- Switch returns light to preset light level
- Available in 3-way models when the lights are controlled from more than one location
- Matching Claro® gloss wallplates available for 1-gang up to 6-gang sizes
- Model available with eco-dim® feature (dimmer guarantees you at least 15% energy savings compared to a standard switch)
- C•L™ models for dimmable CFL and LED bulbs are available; these models have HED™ Technology, which improves dimming performance of these bulbs

SAVE ENERGY.

There are many ways to save energy throughout a home; from dimmers, occupancy sensors and whole home light control systems, to window solutions that manage daylight and help control heating and cooling costs. Find out how you can save by using this [Energy Saving Calculator](#).
